

In-State Tuition and GET Payout Value Over Time

Historically, 100 GET units have equaled one year of resident, undergraduate tuition and state-mandated fees at Washington’s most expensive public university (typically UW or WSU). During the 2015 Legislative Session, the Washington State Legislature lowered tuition for the 2015-16 and 2016-17 academic years and capped future annual tuition growth rates. Effective September 2, 2015 the GET Payout Value will remain \$117.82/unit until the time when one year of resident undergraduate tuition and state-mandated fees at Washington State’s highest priced public university surpasses \$11,782.

*Based on tuition and state-mandated fees at Washington’s most expensive public university (either University of Washington or Washington State University).
