

Kids grow fast. Plan today for your child's education.

As a parent, you can help your child by starting a college savings plan early.

Plan ahead, and you can lower the cost of college, university or trade school in your child's future. Save now, and your child will grow up knowing that college can be part of his or her dreams.

GET makes it easy to save. Washington's Guaranteed Education Tuition (GET) Program helps families save for college.

Once you open a GET account, you can add money to it whenever you want. You can also save through a regular monthly payment. Either way, your account is guaranteed to increase in value. Your child will thank you for years to come.
